This is their home, so please be courteous and follow event dates and times.

1

NOTE: The tour participants request that attendees only arrive at their home or business at listed times and dates. All industry consultants listed are not necessarily licensed solar contractors. The National Solar Tour allows all vendors within the solar industry to participate. Florida law requires that only a licensed solar contractor or a licensed electrician may install a photovoltaic system. Only a licensed solar contractor or a licensed plumber may install a solar hot water system.
